

**Cook County Multi-Jurisdictional
All Hazards Mitigation Plan**

How Do Natural Disasters Affect You?

Cook County is preparing a hazard mitigation plan to reduce the risks from natural hazards and to guide decision makers as they commit resources to reducing the effects of natural hazards.

Hazards of Concern Include:

- Severe weather
(extreme heat, lightning, hail, fog and wind)
- Severe winter weather
- Flooding
- Drought
- Earthquakes
- Tornadoes
- Dam and levee failures

Take the survey and tell us what you know.

Just scan the QR code to take it now.
